

Building Bylaw and Building Permits - for all areas of the R.M. of Buchanan No. 304

The R.M. of Buchanan is required to follow a Building Bylaw issued by the Government of Saskatchewan effective January 1, 2024. The Building Bylaw applies to all areas of the RM (agricultural, acreage, etc.)

Copies of Building Bylaw GOVSK 1-2024 are available at the R.M. Office.

The Building Inspector for the R.M. of Buchanan will need to review your plans for construction prior to the start of any construction. For a new residence and additions structural drawings are required before an approval will be issued.

For Relocation of Existing Buildings, the following is required:

- Completed Application for a Building Permit
- 2 exterior photographs and any previous damage to the structure must be stated.

Building Demolition Permits

Planning to demolish a building? Firstly, we need to know so that you don't pay taxes on a building that isn't there.

Building Permit Fees: See Bylaw 02-2024

Important: A permit will not be issued until all fees have been paid.
